Why Wait for Spring to Feel at Home?

Discover the benefits of belonging this fall, and enjoy the season before the season.

There is something special about finding a place where you're welcomed by name, where friendships come naturally, and where every visit feels a little like coming home.

At Shuttle Meadow Country Club, that feeling doesn't begin with the first round of golf in spring. It begins the moment you become a member.

This fall, discover one of Central Connecticut's hidden gems, where generations of tradition meet new friendships, shared experiences, and genuine community.

Join Today. Belong Now.

Join between October and through March 2027, and enjoy full club privileges without regular monthly membership dues until April (payable in March). Simply pay your full initiation fee and applicable capital expenses and the club and our community and all of its benefits are yours!

Membership privileges and eligibility are subject to club policies.

A Social Calendar Worth Celebrating

Look forward to Candlelight Ball festivities, wine dinners, holiday celebrations, and special member events during the fall and winter that bring the Shuttle Meadow community together.

Recreation Beyond the Golf Season.

Enjoy fall golf until the course closes on [INSERT COURSE CLOSING DATE], tennis while weather permits, and outdoor paddle tennis on our heated courts through the colder months.

Friendships That Grow Into Traditions

Meet fellow members, introduce your spouse or family to the club, build personal and professional relationships, and become part of the Shuttle Meadow legacy and community built on continuity, care, and connection.

When Spring Arrives, You'll Already Belong.

You're not beginning your membership experience. You're continuing it. Joining Shuttle Meadow in the fall gives you the opportunity to become part of the community before the next golf season begins.
